

KRIYAYOGA ASHRAM AND RESEARCH INSTITUTE

Village Program Vaaree News – May 9, 2014

True Indian heritage is eternal. The scientific application of true Indian heritage is Kriyayoga Meditation which promises to create a powerful atmosphere of Truth and Non-violence and is a practical application for the transformation of darkness into light, ignorance into true knowledge, weakness into all-mighty strength, poverty into all-fulfilling riches, limited consciousness into unlimited consciousness. Now, the time has come that India should awaken the consciousness of true Indian heritage.

Scientists all over the world, especially of North America were ready to receive the message of Kriyayoga and this desire was fulfilled by Mahavatar Babaji, who sent Paramahansa Yogananda to the West in 1920 to spread the highest lifestyle – Kriyayoga Meditation. After completing his important work in the West, Paramahansa Yogananda decided to return to India to spread Kriyayoga in each village and city of India to remove ignorance in all walks of human activities.

On 7th March 1952 at 9:30 pm at Biltmore Hotel in Los Angeles, Paramahansa Yogananda entered into the state of *Mahasamadhi* in front of the diplomats of all countries of the world, demonstrating the powerful effect of Kriyayoga to awaken purity within human existence like the holy water of holy Ganga. After addressing the congregation of Indian association and ambassadors and counsel general, Paramahansa Yogananda entered into *Mahasamadhi* with the prophecy “O India , I will be there !”

Kriyayoga Ashram and Research Institute is fulfilling the prophecy of Paramahansa Yogananda. Like earlier years, this year 2014, Kriyayoga program has started in the village and city areas. A 2-day program at a primary school of Village Vaaree has been organized by Kriyayoga Ashram and Research Institute.

Today is the 2nd day of the program, which starts at 4:30 pm and ends at 7:30 pm. Kriyayoga Meditation, which is imparted by Swami Shree Yogi Satyam to the people of the city and villages, is the same knowledge which was delivered to Arjuna in descending Dwapara Yuga by Krishna. Later, this knowledge was revealed to Jesus Christ, Kabir, Nanak, Adi Shankaracharya. In the present ascending Dwapara Yuga, the Kriyayoga knowledge incarnated again through Lahiri Mahasaya.

Kriyayoga Meditation promises to fulfill all dreams and desires of incarnations and is able to cure illness and sickness of body and mind. In Village Vaaree, all the villagers and people from the city side and engineers, doctors, professors and political leaders of U.S. , Canada, Brazil, Singapore etc. , participated in the Kriyayoga program.
